

ELIZABETH WADE STUDIO

I am honored that you are interested in a piece of my artwork! Creating a piece especially for you brings me joy! As someone who enjoys decorating and making unique spaces, a painting is the best way to make your house feel like a home. Below are some tips and guidelines to make sure you have a painting that you will treasure. I hope to make this an exciting and easy process for you! -Elizabeth

**SIZING**

Painter’s tape is your best friend! Lightly apply the approximate size you want. See pricing section for common canvas sizes. Often art is hung too high. Think about the last museum you went to–pieces are generally hung at eye level. If you are in Nashville, I am available to help with sizing. A smaller size painting is easier to find a spot for if giving a gift. Leaning a piece against a wall or in a bookshelf is a great way to fill your home with things you love.

**FRAMING**

All of my canvases have a thick profile of 1 5/8” which means they look great framed or unframed. I offer a thin, modern frame that is handmade in L.A. and comes in light wood, white, black or matte gold. If you do not want a frame included, your canvas will still come wired and ready to hang.

**SHIPPING**

I try to make my shipping as affordable as possible therefore I can’t quote prices here until the item is finished.

**PRICING**

8 x 8 ... \$100	20 x 20 ... \$375
8 x 10 ... \$125	24 x 36 ... \$495
12 x 12 ... \$150	36 x 36 ... \$595
11 x 14 ... \$150	36 x 48 ... \$695

**I’M READY! WHAT NOW?**

1. Reply to this email with canvas size and if there is a date you need in hand.
2. Email me photos if you have a particular landscape.
3. Optional: Tell me if there is painting on my website you would like your piece to reflect.
4. I will email you a sketch and together we will make sure I’m ready to move on!
5. One mid-process photo will be sent to check approximate color. Small changes are included.
6. Payment: Venmo, PayPal, checks and credit cards are accepted.
7. Carefully packed and shipped to you!
